

A testimonial  
from one of our  
students in the  
Human Centered  
Problem  
Definition Class  
Spring 2014

"I absolutely love the learning atmosphere that the HCPD class offers! We are taught principles and then given the opportunity to apply them in the real world-- allowing us to really internalize what's been taught. I would highly recommend this course to anyone interested in better understanding the steps to good design."

~Laura Brigham

## Humanitarian Engineering Program

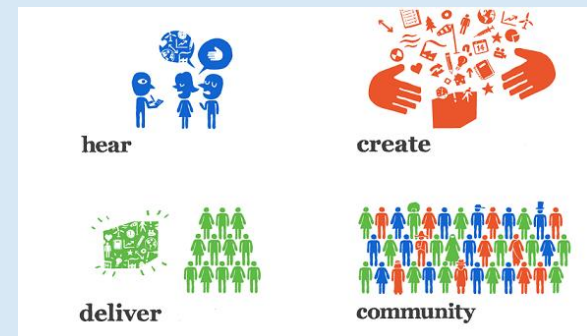

## *Engineers Serving Communities*

**These events are co-  
sponsored by:**

**EWB/B2P,  
the Civil and  
Environmental  
Engineering  
Department & Senior  
Design at CECS**

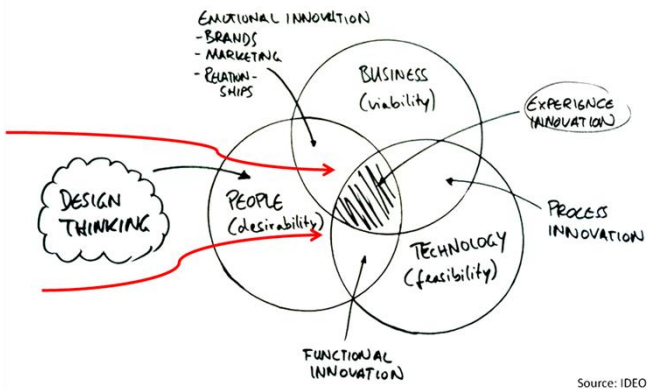

# The Humanitarian Engineering Program presents:

## *Human- Centered Design Week*

<http://tochdesign.com>

**April 1<sup>st</sup> – 3<sup>rd</sup> 2014**

**Join us for upcoming lectures  
by Dr. Andrés Valderrama\***

**TUESDAY April 1 &  
THURSDAY April 3  
11 am – 12.15 pm  
Marquez Hall 222**

**Engineering and Social  
Justice class:**

**Transportation systems,  
engineers, and social justice**

**\*Andrés Felipe Valderrama Pineda is a  
postdoctoral researcher at the Center for  
Design and Innovation for Sustainable  
Development, Aalborg University,  
Copenhagen, Denmark**

**TUESDAY April 1  
2 pm – 3.15 pm  
Alderson Hall 151**

**Human-Centered Problem  
Definition class:**

**What is a good design for  
people?**

**What is a good design with  
people?**

**WEDNESDAY April 2  
2 pm – 3 pm  
Coolbaugh 129**

**Environmental  
Engineering Seminar:  
Environmental  
Engineering in Denmark**

**THURSDAY April 3  
9 am – 10 am  
Brown Building W250**

**Senior Design class at the  
College of Engineering and  
Computational Science  
(CECS):**

**Design With People, a  
specialization track in the  
Masters in Sustainable  
Design at Aalborg  
University**
